EFFECT OF COAL STRIKE IN TOWN

Sufficient Coal here to Last until Spring. Will Sell now for Next Winter's Use. Prices May Rise.

Just what effect the widespread coal strike will have on Gettysburg, should such action be taken by the miners, is a matter which is giving local dealers and people of the town considerable concern.

Already the dealers are having difficulty in getting the coal from the mines and one of them said this morning that present shipment of a carload ordered last week had been refused and that no assurance would be given as to the probable time when it could be shipped. The coal drummers have been withdrawn from the road as they have nothing to offer and no orders will be taken by the operators for delivery after April first. Most of the local coal merchants have a good supply on hand and private families will not likely suffer unless a prolonged strike should occur. One of the town coal dealers said this morning:

"I think there is sufficient coal in the town yards to last until spring. Nearly all of the dealers have supplies on hand though one or two are a little short. If people want coal delivered now for use next winter, and in this way to protect themselves against a possible shortage, then I will sell the coal at the usual winter price which, as is generally known here, is fifty cents higher than in summer."

"I would not be surprised if the summer reduction does not come this year even if there is no strike for there is a general shortage. I bought a carload of coal last week which cost me a dollar a ton more at the mines than usual. With such conditions it may readily be understood that things must improve materially in order to let us give the people the customary fifty cent cut in summer."

Some coal salesmen claimed recently that there would be no increase in price even in the event of a strike but recent developments do not bear out this claim.

It is not believed that local industries and plants using large quantities of coal will be affected in the event of a general shutdown at the mines for practically all of them protect against such an emergency and, with the possible exception of no reduction in the price of next winter's coal, it now looks as though the town will not suffer at all unless a strike of prolonged duration should follow the negotiations of miners and operators.

TEACHERS' MEETING

Fairfield Station school house was crowded on Friday night for the fifth and last educational meeting of the Hamilton Township Teachers' Association. President Wilson Hummelbaugh was in the chair and the other teachers of the township present were, Messrs Charles Frey, J. Harry Pecher, Misses Lou Eta Sharetts, Anna Landis and Ruth Moore, Prof. C. A. Landis and Miss Lizzie Herring of Fairfield borough were also present. "The Value of History" was discussed by Prof. C. A. Landis, Charles Frey and Wilson Hummelbaugh; "School Room Perplexities" was discussed by Prof. Landis and Wilson Hummelbaugh. The president gave an address on the subject of "Imagination." There were quite a number of recitations, drills and flag songs given by the pupils of the school. Miss Lou Eta Sharetts, the teacher, deserves great credit for having her pupils trained so nicely. Miss Anna Landis, one of the teachers, and Gifford Hummelbaugh, a high school girl, gave recitations.

SALE REPORT

The sale of George Herring, in Highland township, on Friday amounted to \$1286.80. A three year old colt brought \$127. The highest price brought for a cow was \$46. Hogs and sheep sold well. George J. Martz was the auctioneer and Mr. Biesacker clerk.

APPROVAL MEETS BOARD OF TRADE

Town Business and Professional Men Look with Approval upon Latest Step towards Gettysburg's Progress. New Members.

Gettysburg's new Board of Trade is meeting with general approval among the business and professional men of the town, so much so in fact that its existence is assured from the number of applications for membership received by R. C. Miller, the secretary-treasurer, following the general circulation of a letter sent to a number of town people last week.

Applications have been received from merchants, professional men, those connected with local manufacturing plants and others. Mr. Ring, of the Hotel Gettysburg, is as yet the only hotel man who has joined while none of the liverymen has yet sent in an application for membership. The Board of Trade presents many more attractions to professional men and other citizens than the old Retail Merchants' Association and it is expected that the present membership list will be greatly increased before the first meeting is called.

The Board of Trade proposes to take up work of trying to secure better train service and schedules, the securing of encampments, conventions and meetings in the town, home preparations for coming events, the development of the tourist trade, the encouragement of industrial developments and civic improvements.

Membership is divided into two classes, the active members who pay \$10.00 a year dues and the contributing members who pay half that amount towards the work of the association.

The executive committee of the Board of Trade will have charge of all matters pertaining to the activity of the organization. This committee will be composed of the president, Wm. Arch McClean, the secretary-treasurer, Mr. Miller, two members appointed by the president and three other members to be elected at the annual meeting of the entire membership.

CROPS HIT HARD

Fears that the wheat crop of Pennsylvania will fall as far short of the average as it did last year, because of the severity of the winter and the absence of snow at the time of the remarkable drop of the temperature in January and February, are expressed by Dr. H. A. Surface, the state economic zoologist, who has visited counties in the southern and western parts of the state. Last year the wheat crop fell short owing to the depletions of the Hessian fly, which was worse than known in a decade and almost ruined the crops on various farms.

"After more than a month's study of the condition of trees and wheat in various sections of the state by myself and assistants I begin to fear that the winter wheat, like the peach trees, has been severely hit by the cold weather," said Dr. Surface, in a statement made Friday. "I do not want to be an alarmist, but it is a fact that buds on many peach trees have been killed, which can be verified by inspections. It is too early to give any estimate of the damage, but I do not look for a larger crop than last year."

NEW SUPERINTENDENT

FOR EAGLE COPPER CO.

Henry Mickle, Allentown, has been appointed superintendent of the Eagle Metallic Copper Co.'s mine and smelter, near Chairman and he and his family have moved to the Owen H. Nagle house. They will open a boarding house there.

The annual meeting of the stockholders of the company was held in Allentown last week. All the old directors were re-elected except that William Fenstermacher, Coplay, was chosen a member of the board in place of Mr. Kyle who was killed recently. The officers are: president, Dr. P. E. Stem, Bethlehem; treasurer, Henry J. Girm, Allentown; secretary, A. L. Wickert, Allentown.

HAVE BEEN APPOINTED

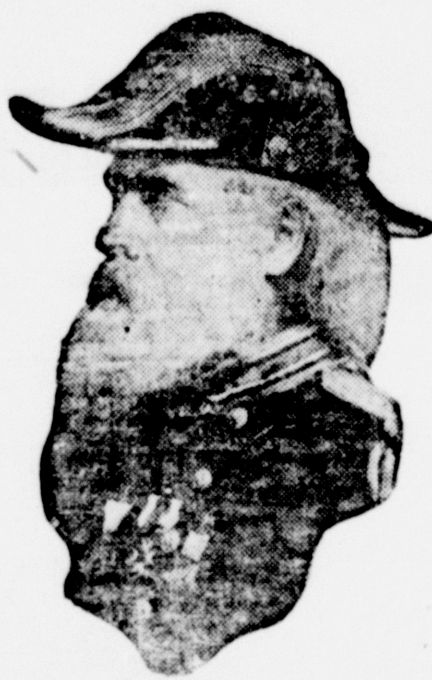

Dr. J. A. Singmaster, of Seminary Ridge, and Rev. J. J. Hill, of Littleton, have been appointed in connection with arrangements for the Second World's Christian Citizenship Conference to be held at Portland, Oregon, June 29th-July 6th, 1913. It is believed that the Second World's Christian Citizenship Conference will be the largest as well as one of the most significant gatherings of Christian men and women since the advent of Christianity.

GEORGE W. MELVILLE.

Rear Admiral Who Died in Philadelphia.

Admiral Melville is well remembered by a number of Gettysburg people who recall his visit to this place several years ago with a party of men high in the Legion circles. He accompanied them over the battlefield and was highly pleased with his trip here.

TRUANT TAKEN TO GLENN MILLS

That the public school law against truancy can be enforced was clearly demonstrated here last week when, after a proper hearing before Judge Sadler, Robert Tyler, a colored boy of Gettysburg, was committed to the truant's school at Glen Mills in Delaware county. Steward Sheely of the Alms House, took the boy to the institution.

The Tyler boy has been giving the school authorities considerable trouble for some time. Though a pupil of the seventh grade and well behaved in school, he did not like school work and would evade the truant officer for weeks at a time. As he had no parents to care for him the directors of the poor committed him to the county home. He soon ran away and returned to his old haunts in town. So as a last resort, yielding to the urging of Truant Officer Utz, they took the action mentioned above.

It is believed that the boy will now have a home where he will be under proper authority and training.

While Gettysburg's boys generally are complying with the laws governing attendance at school, there are some who defy the law and say they will do as they please. This action in the Tyler case should convince them that the authorities will not trifle with such offenders and may mete to them the same treatment.

OVER NIGHT

A real comedy treat is coming to the Colonial Theatre, Hanover, Thursday, March 28th, when "Over Night" will put in an appearance. It is perhaps safe to say that no comedy produced in the last decade has taken such a grip upon the theatre-going public, and as a result, they are flocking in large numbers to the theatre when "Over Night" is billed to appear, and generously showing their appreciation for an attraction of merit by wholesale purchases with their hard earned cash.

BATTLEFIELD WAGON IN USE

Guy Morgal, Zullinger, Franklin county, who is engaged in crushing stone, road-making, etc., transports some of his apparatus from place to place on a wagon that is said to have been on the battlefield of Gettysburg when the great conflict was in progress here. The wagon is still in very good condition.

ALLEN HOPES TO TIRE OUT POSSE
Nephew by Marriage Thinks He Will Go to Alaska.

SELECTING LAW OFFICERS

Member of Allen Clan Said There Are Four More Men in Hillsville They Want to Get.

Hillsville, Va., March 18.—"Sid Allen will never surrender," said R. L. Jones, of Mount Airy, N. C., a deputy sheriff of Surry, who came to Hillsville. Jones married a niece of Floyd Allen.

"I believe the other men will surrender, if surrounded," continued Jones, "but Sidney never will. Sid is hiding in the mountains. I don't believe he has left this section. He hopes to tire out the posse in their hunt, and then he can breathe more easy."

"The mountains are covered with laurel, and it would be easy for a man to hide away for a long time. When this eases up Sid will quietly move away, probably for Alaska."

"Sid is a kind and generous husband and father. I just believe that Floyd started all of this trouble and once it began, the others, held by ties of blood, were drawn into it. Floyd is a man of violent temper. When angry he knows no bounds. I believe that he started this trouble in a terrible fit of anger and didn't realize the consequence of his acts."

Sheriff Jones said the robbery of the store at Mount Airy, N. C., was done by two boys. One has been captured. They are not acquainted with the Allens.

Among the reports is one that two men have been seen making their way through the mountains to Christiansburg. Detective Feltz says these are not the men he is after, and Feltz, who is acquainted with every foot of the boundary, ought to know. Another story is that Sid Allen has disguised himself as a woman and is slipping away.

The Carroll county bar met and endorsed W. D. Tompkins to succeed Judge Massey. Mr. Tompkins seems to think if the will of the people indicated he would accept.

The people in Hillsville and Carroll county think he is the man for the place. Mr. Tompkins is not popular with the Allens, against whom he appeared as a witness last year, when members of the Allen family were charged in the federal court at Greenboro with counterfeiting.

It is said that Mr. Tompkins and one other man were the only ones of a dozen witnesses who dared question the character of the Allens. Others who were called as witnesses at the time appeared in court, but refused to say anything damaging to the Allens.

This is the time the Allens were prepared to clean out the court in case any one of them were sentenced. One of the reports current is that a member of the Allen clan has said since the shooting of Thursday that there are four more men they wish to get before they are killed or forced to leave the country.

These men are James Early, chief deputy; George D. Edwards, Dexter Goad, county clerk and W. D. Tompkins, who will be named as judge. This declaration of vengeance came from Jack Allen. That he said it is no doubt. A relative said he made this statement.

CATFISH CHOKES A SNAKE

Horns Stick in Reptile's Throat, So It Can't Swallow.
Darby, Pa., March 18.—Joe Brooks and J. Leonard Franklin, both well-known Darbyites, say they are willing to swear on a stack of Bibles that while they were watching the flood in Darby Creek they saw a four-foot water snake, with a six-inch catfish in its mouth.

The snake swam to the bank where it attempted to swallow the fish, but each time was compelled to disgorge and try again.
After watching it for five minutes and finding that the snake was finally unable to either swallow the fish or disgorge it, they crept up on the reptile, and, killing it with a rock, found that the catfish's horns or fins were firmly imbedded in the snake's throat.

Kills Common Law Husband.

Philadelphia, March 18.—During a quarrel at 904 Cantrell street, Ethel Fountain, a waitress, plunged a knife into the heart of her former common law husband, William Green, thirty-four years old. After a separation of some weeks, Green came home to find the woman absent. He upbraided her and she claims he struck her. Taking an ordinary penknife, it is asserted, she thrust it into him and he died almost instantly. The woman was arrested.

Knox Warns Guatemala.

Guatemala, March 18.—President Cabrera, of Guatemala, gave a dinner in honor of Secretary Knox and the other members of his party. Mr. Knox in a speech warned Guatemala that the United States will insist upon the faithful observance of the Washington conventions which provide for the peace and stability of the Central American republics through no meddling by foreign powers and the neutrality of the various states.

BOYS CATCH ALLEGED SLAYER

Accused of Killing Rival For Hand of Town's Belle.

Pittsburg, Pa., March 18.—In a fit of jealousy Louis Bentz is alleged to have shot and instantly killed John Rozuski, whose engagement to Bertha Zoller, the belle of Willock, a mining town, was announced.

Bentz had never seen Rozuski, but knew he was his rival for the girl's hand. When he saw Rozuski leaving the girl's home he is said to have killed him.

Throwing the revolver away, Bentz took to the hills. A crowd of small boys saw him running, and one of them, George Hill, aged twelve years, picked up the revolver, and at the head of a posse composed of his companions, pursued Bentz.

For over a mile the chase extended. Hill firing all the remaining bullets at the fleeing man. Finally Bentz, fatigued, fell on his knees and begged the boys not to harm him. They turned him over to the police.

6 BERI BERI VICTIMS AT QUARANTINE

Two Deaths From Dread Disease on Bark.

Philadelphia, March 18.—The Brilliant, a four-masted British bark, arrived here with her crew in a state of terror as the result of two deaths and six serious cases of beri-beri.

One corpse with the six men who were suffering from the dread disease was taken from the bark at the quarantine station at Marcus Hook near Chester.

The situation the crew faced as one after another took sick and turned almost as black as the pitch in the seams of the hold was not a pleasant one. There they were, on a bark which was still weeks from her destination with the prospects of being stricken at any moment.

Captain W. A. Grant said that he had never had a more menacing period with terrorized sailors in his life than he did at times during the voyage, and many of the sailors were of Indian extraction, having been taken aboard at Bombay, India, where the bark was loaded with iron ore for Philadelphia. She was at sea 131 days. The Brilliant sailed from Bombay with her heavy cargo on Nov. 7, 1911. It was not until the sixth or seventh of December that the first sickness appeared, and the sailor, a mixed Indian, died on Dec. 12.

The next case appeared early in January, when two more sailors were stricken, and before the middle of February five other members of the crew, all mixed Indians, became ill. The remainder of the voyage was made with these six men in a serious condition and the other sailors struggling to keep out of the throes of the disease.

On Saturday, when the bark was making the Delaware Breakwater, with medical assistance in sight, the second sailor died. His body was kept on board the bark and brought to Marcus Hook.

SAYS LEG GREW IN PRAYER

Religious Enthusiast Believes He's Had Great Cure.

Reading, Pa., March 18.—Charles E. Martis, son of Rev. W. F. Martis, says he has been healed in a miraculous manner.

He was suffering with diseases which puzzled the best physicians and authorities to gravely shake their heads; but today he is as spry as a rooster.

He says that the power man did not have a thing to do with his healing, but that the Lord did the work. "I have been in the St. Joseph hospital thirty-one days, in the Homeopathic hospital on two occasions," he said to a reporter; "but I could not get any relief until the Lord opened my eyes."

Young Mr. Martis says the glory of God came upon him in the People's Mission. One leg was shorter by nearly three inches, and he says he had four extra pieces of heavy leather in his shoe.

He went to the altar and began praying, and after praying for about five minutes the Lord spoke to him, he says, and there was a feeling as if his left leg was being pulled. When he got up it was as long as the right leg, and the old leather was thrown out of the shoe.

Writes Farewell to World on Pie Tin

New York, March 18.—When Philip Elming, a Brooklyn baker, determined to die he seized upon the thing nearest at hand on which to write his death message. This was a pie tin and on it he inscribed two lines asking that his brother be notified and adding "Goodbye to all."

Fingernail Splinter Kills.

Carlisle, Pa., March 18.—Alexander S. Montgomery, sixty years old, a former auditor of Cumberland county, and a resident of Big Spring, died suddenly from lockjaw. Several days ago he ran a splinter under a finger nail and tetanus set in and proved fatal.

Scared by Train, Killed by Car. Bridgeport, Pa., March 18.—Frightened by a freight train, young Angelo Defendi, of Swedesburg, jumped off a fence, from which he was watching the flood in the river, and fell in front of a trolley car and was killed.

Our Citizen's Demand

Fully Complied With.—A Gettysburg Resident Furnished It.

There are few items which appear in this paper more important to Gettysburg people than the statement published below. In the first place, it is from a citizen of Gettysburg and can be thoroughly relied upon. In the second place, it indisputably proves that Doan's Kidney Pills do their work thoroughly and not temporarily. Read this carefully:

Mrs. N. L. Wierman, 135 York St., Gettysburg, Pa., says: "I suffered a great deal from backache and I often had nervous spells. When Doan's Kidney Pills were brought to my attention, I procured a supply at the People's Drug Store and commenced their use. The backache was relieved and my entire system was benefited. I gladly recommend Doan's Kidney Pills and advise other kidney sufferers to give them a trial."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

REAR ADMIRAL MELVILLE DIES

Creator of Modern American Navy Passes Away.

LONG AND USEFUL LIFE

He Was the Hero of Three Arctic Expeditions and Honored For Extraordinary Service.

Philadelphia, March 18.—Rear Admiral George W. Melville, retired, famous as a hero of the Civil War, Arctic explorer, scientist and student of naval affairs, died at his residence, 520 North Eighteenth street.

Although Admiral Melville suffered an attack of heart failure about a month ago, he recovered, though he was left in a weakened condition owing to his age. A week ago he visited Washington on official business and seemed to be improved. Last Friday night he suffered a stroke of paralysis and soon sank into a comatose condition, from which he never rallied.

Funeral services will be held Wednesday, when the body will be taken to Washington, there to be buried in the magnificent and yet simple sarcophagus in the Arlington National cemetery, which the admiral caused to be built for himself ten years ago.

In the seventy-one years of his life Admiral Melville had done such things as made him one of the great naval figures of the century. Honors without number were heaped upon him. He had stood on the decks of shell-swept battlefields in the Civil War and felt the breath of death upon his cheeks. He had fought his way, step by step, into the heart of the cruel and frozen north. He had applied his genius for naval construction to the problems of the United States navy and had wrought wonders. It was he who designed the navy with which this country defeated Spain so handsily. He put to the proof in that war the fact that armor plate battlefields can stand the test of modern warfare.

His last official title in the United States navy was engineer-in-chief, retired, with the rank of rear admiral. In the official register of the navy there is appended to the admiral's name in the terse language of the department, "Advanced for extraordinary heroism on Arctic relief expedition."

It was this extraordinary heroism which had made his name throughout the civilized world a synonym for pure bravery and fine courage. Admiral Melville came of a long line of spirited Caledonian forebears, and the rare qualities that he inherited had plenty of opportunities for display.

The second Arctic expedition in which Admiral Melville took part was the one in which he literally wrung life out of death. He was a volunteer on the Jeannette, under the command of Lieutenant George W. De Long, U. S. N. The ill-starred expedition left San Francisco on July 8, 1879. Far up in the northern waters the vessel was clasped in the death embrace of a huge ice floe. For nearly two years the boat drifted, and in the end was crushed and sunk.

This is what De Long says of Melville during those long and dreary months when there was nothing to do except wait, keep up a stout courage and watch the engines.

"Melville is more and more a treasure every day. He is not only with us a superior as an engineer, but he is bright and cheerful to an extraordinary degree."

WOMAN'S BODY IN COAL CAR

Her Throat Was Cut and a Large Bread Knife Was Her Side.

Scranton, Pa., March 18.—Mrs. Julia Hapak, of 712 Monroe avenue, a young married woman, was found dead in an empty coal car near her home. Her throat was cut and a bread knife was by her side.

She was discovered dying along the track at daybreak by a tramp. He raised an alarm, but when a search was made by neighbors she could not be found.

Eight hours later word came that Charles Hapak had found a pool of blood in an outhouse, and the hunt was renewed, with the result that the body was discovered in a large hopper car. The police say it was probably a case of suicide.

Woman Aviator Has Narrow Escape

Shreveport, La., March 18.—Miss Matilda Moisant, sister of the late John B. Moisant, narrowly escaped her brother's fate here when in descending an exhibition flight her monoplane struck the ground at too steep an angle, bounding into the air and turning turtle. Miss Moisant fell a few feet just as the body of the machine dropped. She was helped from the wreckage unhurt.

U. S. Soldiers Arrive at Tientsin.

Tientsin, March 18.—A battalion of the Fifteenth infantry, which left Manila March 9, arrived here, having been detained outside Taku since last Friday, owing to a storm. The battalion, commanded by Lieutenant Colonel Edward A. Root, is made up of 444 men, including a band.

MEXICAN REBELS SHOW NO MERCY

Will Execute All Federal Officers Captured.

TWO MADERO MEN SHOT

General Villa and Major Aldana Faced Firing Squad of General Orozco's Army.

Juarez, Mexico, March 18.—Panchito Villa, the most picturesque character in northern Mexico, paid the penalty of loyalty to Madero when he faced the firing squad of the rebel army at Santa Rosalia, according to telegrams received here from official sources at Chihuahua.

Villa was made a captive Saturday in a fight between his tattered band of loyal rurales and 300 insurgents, who had been pursuing him since Friday afternoon, when they killed or wounded fourteen of his men and made a prisoner of his chief of staff, Major T. R. Aldana. Aldana was executed Saturday, and Villa Sunday.

Villa was a bandit for many years, the terror of northern Chihuahua prior to the Madero revolution a year ago. He joined the Madero cause and was responsible for the assault on and the capture of Juarez, which resulted in the resignation of Diaz and the elevation of Madero. The commanding officer of the Juarez garrison declared the rebels were afraid to attack and Villa swore that he would take the town or die.

In defiance of Madero's orders he sent in his men, the others followed and the town fell. Villa was retained by Madero as a colonel of rurales, under command of Pascual Orozco, who was made chief of rurales for Chihuahua. For a time, since the present revolution broke out, Villa was believed to be with the rebels, but the moment Orozco rebelled, Villa, for months jealous of his chief, assaulted Chihuahua in the name of the government, but was repulsed. Since that time both Orozco and Villa have vowed to execute the other.

Orozco excuses his action in the fact that Madero has withdrawn the guarantee of an impartial trial and says he must reply in kind. He has published an order to the effect that every federal army officer captured will be executed. This is a bloody phase of the situation that did not obtain during the Madero regime and adds additional terror to the present uprising.

Villa out of the way, Orozco announced his intention of pushing forward at once on Torreon, where he expects the rebels in the Laguna district to join him in surrounding and starving the federal garrison into submission. Orozco has already drawn all the train equipment to Chihuahua, ready to move his men south.

The men left at Juarez have thrown out outposts several miles on each side to guard against federal surprises and hold the port of entry at all costs. Two hundred men have been ordered to march overland for the west from Juarez at once to attack Cananea, Naco, Na-oari and several other points in Sonora, in co-operation with rebels already operating there. Thus far since the rebels took the field the federalists have not made a stand anywhere. Juarez fell with the first volley, Chihuahua fell into the rebel hands when Orozco rebelled against the government and became the rebel commander-in-chief, and Jimenez, Santa Rosalia and Toriz surrendered without a fight.

Villa made two stands near San Rosalia but his command has been entered or killed, twenty-nine of them becoming prisoners with their lives, and fifteen the day before. The only hope for the Maderos lies in the loyalty of the federalists now at Torreon.

NEW USES FOR CEMENT

Cradles, Coffins and Tombstones are Shown at Convention.

Kansas City, Mo., March 18.—Among the articles of society's use which can be made from cement, as shown here at the exhibition in connection with the convention of the National Association of Cement Users, are:

Cradles for babies, pipes for men kitchen furniture for women, houses for all three, excellent waterproof cements and "everlasting tombstones."

At the convention's final session W. J. Towne, of Chicago, delivered an address on "Concrete Telegraph Poles."

Boy Drowns in Swift Current.

Lancaster, Pa., March 18.—Willard Harris, six years old, son of A. H. Harris, was drowned in the Conestoga river. With some other boys, he was crossing a foot bridge, when he and a companion fell in. The latter was saved by Harry Bucher, but the Harris boy was carried beyond aid by the swift current.

Roasts on Red-Hot Stove.

Bloomington, Pa., March 18.—Becoming suddenly ill, Miss Viola Snyder, of Millville, Columbia county, fell upon a red-hot stove over which she was working. She suffered terrible burns and her condition is serious.

WHO SUFFERS FROM RHEUMATISM

Surely No Reader Of The Gettysburg Times When The People's Drug Store Sells RHEUMA For 50 Cents On Money-Back Plan.

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of uric acid, that damnable poison that makes thousands helpless and kills thousands years before their time, then you need RHEUMA, and need it now.

Start taking it to-day; in 24 hours it will begin to act on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish." Many people, the most skeptical of skeptics, in this city and in the country hereabouts, bless the day when The People's Drug Store with characteristic enterprise offered RHEUMA to the afflicted at the low price of 50 cents a bottle. If you have rheumatism, get RHEUMA to-day.

Important Letter to All Who Suffer

"I suffered from indigestion for a long time. Last May I almost died. The doctor told me it was acute indigestion and I could not be cured, since that time I have suffered very much, as some days everything I ate, even light food, as soft boiled eggs, would distress me. I lost fifteen pounds. Sometimes I felt that I could not live another day. A month ago I got a box of MI-ONA tablets. Before I had used them a week I was better. I have used two boxes and I feel as well as I ever did. Eunice A. Peters, Jackson, Ga.

Use MI-ONA stomachs tablets for quick relief from sour stomach, heaviness, indigestion, belching of gas, and distress after eating. They are guaranteed. Large box 50 cents at The People's Drug Store and druggists everywhere.

COL. ROOSEVELT'S CAMPAIGN PLANS

Will Make No Country Wide Speaking Tour.

Oyster Bay, N. Y., March 18.—There is no country-wide speaking tour planned for Colonel Roosevelt in his campaign.

The principal trip will be a short one of a week or less, in which the colonel will speak at St. Louis, Minneapolis or St. Paul and Chicago. The colonel will start out this week. On the return he will meet the people of a number of states, it is expected, in informal speeches from the rear end platform of his train.

It is definitely planned for him to do this in West Virginia, Governor Glasscock's state. This trip will be followed the week after, beginning April 1, by a run into New England, the colonel speaking at Boston and Concord. The visit to New England is regarded as of much importance in view of the new direct preferential presidential primary law that has just been enacted in Massachusetts. The date for this primary is April 30.

The colonel may also be heard at Portland, Me., although it is probable that he will not, as it is feared the primaries will have been held by the time he could reach there.

Following the New England trip comes a short junket to Philadelphia and Newark. There is to be no speech-making in the south.

BOY SHOTS HIS SISTER

Pottstown Lad Did Not Know Rifle Was Loaded.

Pottstown, Pa., March 18. — Pretty fourteen-year-old Vera Fasnacht, the daughter of Councilman Harry Fasnacht, is in the Pottstown hospital with a heavy rifle bullet in her right thigh, and her condition is regarded as serious.

The girl and her younger brother were acting a wild west scene from a moving picture. "Hands up," cried the boy, as he pointed the big rifle at her. She laughingly refused to do so, and the lad, not knowing the rifle was loaded, pulled the trigger and the bullet entered the girl's thigh.

The girl was taken to the hospital as quickly as possible, but she lost considerable blood. The boy is suffering from shock.

WAY TO GAIN FLESH

There is only one way for thin, weak persons to gain flesh and strength and that is to eat and digest more food.

"But that's just the trouble," says one. "I don't want to eat at all and the doctors say it does more harm than good to eat what I don't want."

That is true. The thing to do is to get an appetite and good digestion. Miss Henrietta Huber, of the Bronx, N. Y., says on this subject: "I was very weak and had been for several months, so I thought I ought to take Vinol to gain strength. Since taking Vinol I have gained over 15 pounds in weight and my appetite is good. Now I am strong as ever." This is a remarkable case, but there are thousands of others, proving that our delicious cod liver and iron remedy, Vinol, is a certain body builder and strength creator. If you are weak and thin, you should by all means give yourself the benefit of Vinol for it will build you up and make you strong. We guarantee it to do this. People's Drug Store, Gettysburg, Pa.

More and Better Fruit

No matter if you have one or a dozen trees, it doesn't pay to grow wormy or scarred fruit. You can have clean, well-colored fruit for a little effort and small expense. Systematic spraying is the remedy and it pays a big dividend if you use good materials—S-W Brand.

SHERWIN-WILLIAMS

LIME-SULFUR SOLUTION

is a simple and economical remedy for scale insects and fungus diseases. It contains practically no sediment, does not crystallize and retains its strength indefinitely. S-W Solution can be used as a summer or fungicide spray by proper dilution. It gives the fruit and foliage added color and a smooth skin, and is particularly effective in eradicating scale insects.

We carry a complete line of Spray Pumps, Fittings and Hoses.
